San Isidro  
Lima, Perú

Dear Mr Mejia

I would like to take this opportunity to thank you most sincerely for the excellent arrangements that you have made from 1 to 13 July 2005 for Prof and Mrs Arnold Crous; Dr Johan and Mrs Kruger; Dr Francois and Mrs Naude and for my wife and myself who joined our friends from South Africa on their excellent tour of Peru.

All of us were impressed with your professionalism and reliability. We were also very pleased with the speed that you handled all e-mail communications and financial transfers, despite the 7 hours' time difference with South Africa, as a result of which we knew well in advance what our options were for the tour. Your professional knowledge of the products on offer for the Peru tour guided us to select quality options on a value for money basis – this we sincerely appreciate. Your constant contact during the tour to ensure that all was running smoothly and your assistance with the last minute rerouting of our travel from Puno to Arequipa, speaks loud about your professionalism and dedication to ensure that visitors only receive the best attention from you.

We were also very pleased with the Hotels, Tour Operators and Buses that you selected for us, all professional, spoke English well and were never late. We also appreciate that you excluded those operators that proved to be unreliable and unprofessional from your past experience.

On behalf of our friends from South Africa, my wife and I please accept our gratitude for a very well organised and highly enjoyable visit to Cuzco, Machu Picchu, Puno, Lake Titicaca, Arequipa and Nazca.

We have no hesitation to refer other friends and contacts, who would like to visit Peru, to you for assistance.

I will appreciate it if you could convey our appreciation to your Associates in Cuzco, Puno, Arequipa and Nazca for their contribution to make this tour a success.

Best regards

Yours sincerely

**Dr Chris Streeter**  
Ambassador
